# Symphony League *of* Canton

The Symphony League of Canton maintains and furthers the Canton Symphony Orchestra's tradition of excellence by promoting the orchestra and the community, by developing financial and volunteer staff support for the Orchestra Association, and by providing educational outreach to the community and educational enrichment for the membership.

The Symphony League of Canton continues to celebrate and support the orchestra with exciting fundraising events such as In Place, a cocktail and dining experience, a Fashion Style Show, and the popular annual Holiday Wreath Sale.

Our volunteer services include ushering for all subscription and educational concerts, providing hospitality at the concerts as greeters and hosts, serving refreshments at concert receptions and selling merchandise at Symphony events. The League continues to provide through its volunteers an annual luncheon for the orchestra.

An important part of the League's mission is to provide and support educational programs that introduce youth to the world of classical music and to provide scholarships for young musicians, thus continuing to foster a love of and appreciation for music.
